

Fresh Financials Group Announces Strategic Acquisition of AccountsForMe Ltd.

Fresh Financials Group (FFG), an award-winning Xero Platinum Partner providing innovative cloud-based financial operations services, is excited to announce its second strategic acquisition, AccountsForMe Ltd. This acquisition is another step in FFG's ongoing mission to deliver class leading bookkeeping and financial operations services to UK SME's.

AccountsForMe Ltd., under the leadership of Vip Patel, has built a strong reputation for delivering personalised, high-quality services to small and medium-sized enterprises (SMEs). With this acquisition, FFG will integrate AccountsForMe's expertise and client base into its growing portfolio, further enhancing its ability to provide comprehensive financial solutions.

Marc Scrimshire, CEO of Fresh Financials Group, expressed his enthusiasm for the acquisition. "We are thrilled to welcome AccountsForMe Ltd. into the Fresh Financials Group," said Scrimshire. "This acquisition aligns perfectly with our vision of offering top-tier, technology-driven financial operations across the UK. Vip Patel has built a fantastic business, and we are honoured to continue his legacy, ensuring clients receive the best possible care and expertise."

Vip Patel, owner of AccountsForMe Ltd., shared his confidence in the transition. "After careful consideration, I believe that Fresh Financials Group is the ideal home for AccountsForMe," said Patel. "Their commitment to innovation and excellence mirrors our own values, and I am confident that our clients will be in the best possible hands."

Vip Patel will remain in place as a consultant for 3 months to help with the integration of AccountsForMe Ltd. into FFG. The integration is set to be smooth and seamless, with a focus on maintaining the high standards of service that clients have come to expect. This acquisition underscores FFG's dedication to providing superior financial operations and bookkeeping services, empowering businesses throughout the UK to thrive and grow.
